

PART 4 Android App Workshops

[Workshop 1] : Activity & Intents

- 請連結至下列 Android 官方網站 - “Activity” 中文網頁：
<https://developer.android.com/guide/components/activities>
- 請連結至下列 Android 官方網站 - “Intent (意圖和意圖篩選器)” 網頁：
<https://developer.android.com/guide/components/intents-filters>

Activity Lifecycle (Activity 生命週期)

[Workshop 2] : Broadcast Receivers & Notifications

- 請連結至下列 Google Codelab 官方網站 - (或 Google 下列標題)
“**Android fundamentals 07.3: Broadcast receivers**” :
<https://codelabs.developers.google.com/codelabs/android-training-broadcast-receivers/index.html?index=..%2F..%2Fandroid-training&hl=zh-tw#0>
- 請連結至下列 Google Codelab 官方網站 - (或 Google 下列標題)
“**Android fundamentals 08.1: Notifications**” :
<https://codelabs.developers.google.com/codelabs/android-training-notifications/index.html?index=..%2F..%2Fandroid-training&hl=zh-tw#0>

[Workshop 3] : Shared Preferences & SQLite

[Reference] :

< Shared Preferences >

- Google Codelab -
“**Android fundamentals 09.1: Shared preferences**” :
<https://codelabs.developers.google.com/codelabs/android-training-shared-preferences/index.html?index=..%2F..android-training#0>

< SQLite >

- Android Developer Fundamentals Course -
“**10.1A: SQLite Database**” :
https://google-developer-training.github.io/android-developer-fundamentals-course-practicals/en/Unit%204/101a_p_sqlite_data_storage.html
- Google Codelab -
“**Android fundamentals 10.1 Part A: Room, LiveData, and ViewModel**” :
<https://codelabs.developers.google.com/codelabs/android-training-livedata-viewmodel/index.html?index=..%2F..android-training#0>
